EDUCATION

Information Systems Engineering

Universidad Tecnológica Nacional
03/2023 - Present
Engineering

I am currently pursuing a degree in Information Systems Engineering at the National Technological University, Regional Faculty of Santa Fe. Throughout my studies, I am learning new ways to design and manage information systems. Additionally, I am taking classes in the C++ programming language, further expanding my programming skills.

Back End Web Development

ONE (Oracle Next Education)
04/2023 - 10/2023
Junior Back End Developer

- Attained comprehensive skills in web application development through the Oracle ONE program, endorsed by Oracle.
- In-depth study of key technologies, including MySQL for database management, Java for server-side logic, as well as HTML and CSS for design and presentation.
- Practical application of acquired knowledge in hands-on personal projects.

Web Developer

Argentina Programa
07/2022 - 05/2023
Full Stack Developer

During this intensive course, I gained practical experience in full-stack development, encompassing essential technologies for the creation of modern web applications. The primary focus was the application of knowledge through a final project, involving the development of a personal portfolio (available on my GitHub profile.).

Key Technologies and Skills Acquired:

- Angular and TypeScript for frontend construction.
- Spring Boot and Java for backend implementation.
- Integration of JavaScript to enhance site interactivity.
- Database management using MySQL.
- Design and styling with HTML and CSS.

SUMMARY

I am a passionate junior programmer with a strong technical foundation and a collection of practical projects available on my GitHub profile. I am actively seeking the opportunity to join a dynamic team where I can apply and expand my programming skills. My primary focus is to contribute to meaningful and challenging projects that not only solidify my experience but also allow me to bring creativity and innovative solutions. I am excited about the prospect of learning and growing professionally, working in collaboration with a dedicated team.
